PERMA-PREST® Corduroy Jeans and Slacks

BEST BECAUSE: Sears laboratory has proved the superior strength of this corduroy fabric. In our tests, this tough blend of 60% Antron® nylon, 28% cotton and 12% DuPont 420 nylon showed 8 times more abrasion resistance than ordinary corduroy fabrics of 50% polyester and 50% cotton. And actual wear tests prove these jeans and slacks can take far more rough and tumble treatment than ordinary cotton corduroy.
